

CUSTOM 23FT AIRSTREM FLYING CLOUD FOR SALE

In 2022, this 2013 25 Flying Cloud (Rear Bed) underwent a comprehensive custom upfit by Timeless Travel Trailers, renowned as Airstream's most experienced and factory-licensed upfitter.

About this Airstream

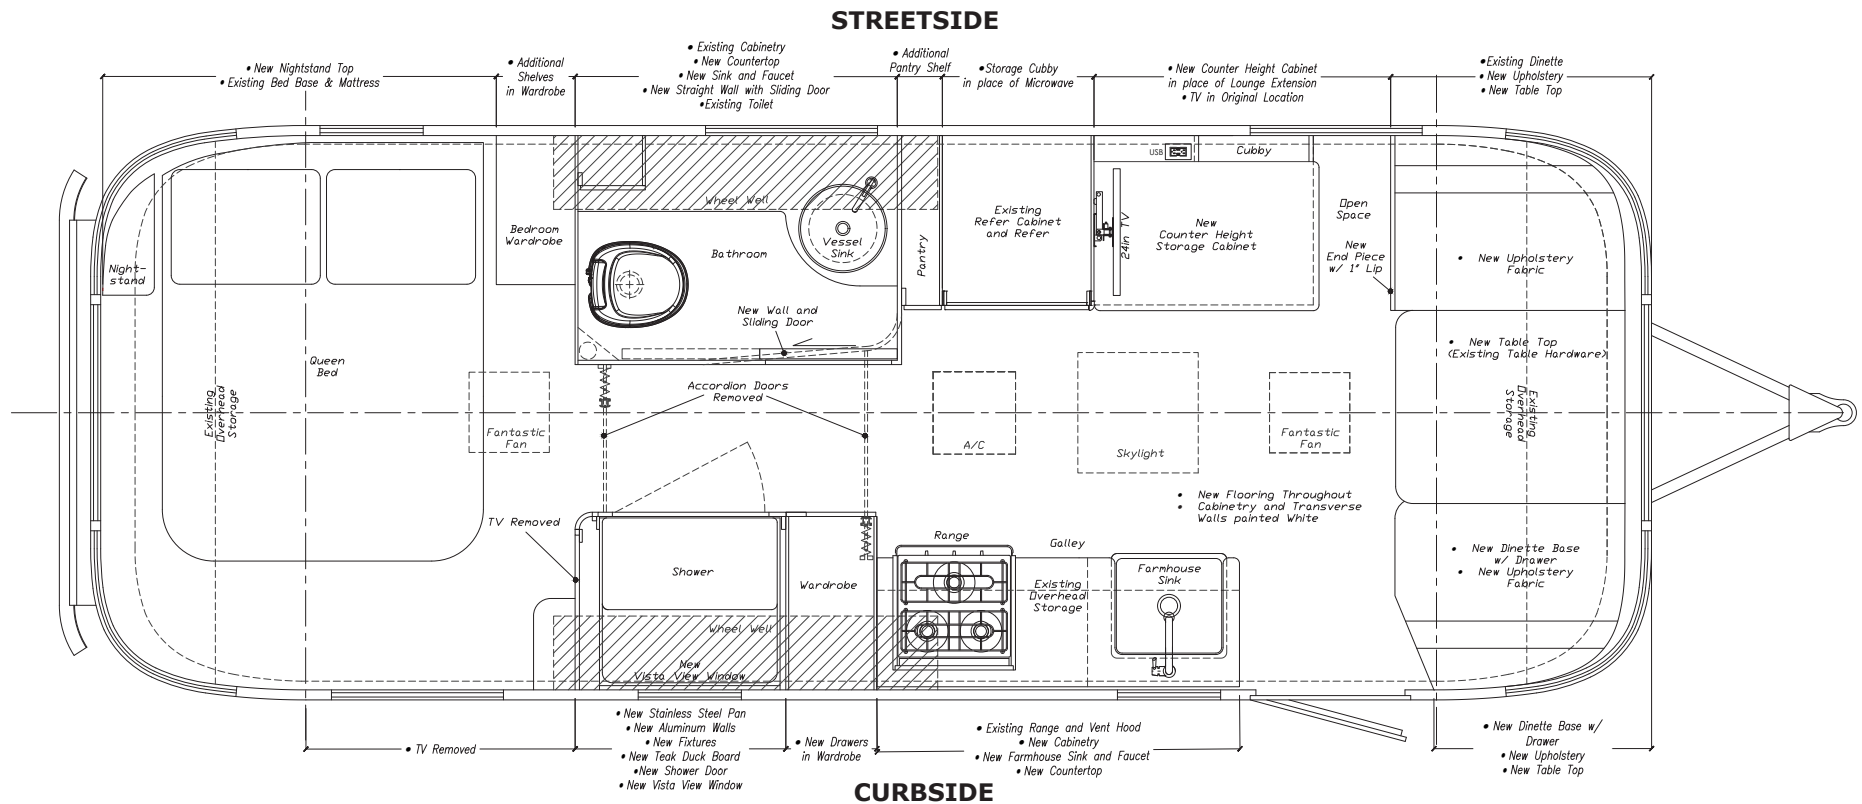

In 2022, this 2013 25 Flying Cloud (Rear Bed) underwent a comprehensive custom upfit by Timeless Travel Trailers, renowned as Airstream's most experienced and factory-licensed upfitter.

The goal of the project was to contemporize the interior space and enhance its functionality.

Notable changes encompassed the transformation of cabinetry through a fresh coat of white paint, complemented by the addition of sleek matte black hardware. Walnut butcher block counters were installed, harmonizing with the luxurious ambiance, while LVT wood-look flooring added a touch of elegance.

The layout received a thoughtful overhaul, featuring a farmhouse sink and a sliding barn door to optimize space utilization and facilitate ease of movement. Moreover, the dinette and bathroom enhancements included new upholstery, countertops, and fixtures, elevating aesthetics and comfort.

The result is an Airstream that not only exudes style but also offers a heightened level of comfort and functionality, promising a truly enjoyable travel experience.

Anything is possible at Timeless...

We are the leader in turnkey design and production of custom trailers, motorized vehicles and containers, including units utilized for recreation, experiential marketing, entertainment, pop-up retail, hospitality, and food and beverage service.

Pre-Customization:

We meticulously examined the unit before commencing the comprehensive upfit, leaving no detail unchecked.

During our thorough inspection of the Airstream, we uncovered subfloor rot stemming from a window leak. We replaced the compromised subfloor and insulation, rectified the window leak, and ensured the entire unit was watertight.

Furthermore, we conducted a detailed inspection of the axles, brakes, electrical, gas, and plumbing lines, as well as the water heater, furnace, air conditioning units, and fans.

Any issues discovered were addressed through repairs or replacements to guarantee optimal functionality.

New Features:

Updated Finishes:

- All Existing and New Cabinetry painted white (SW7000 – Ibis White)
- All Bulkhead Walls and Divider Walls painted white (SW7000)

GOOD TO KNOW:

Why Timeless?

What truly sets us apart from our competitors is our unwavering commitment to **Quality and Integrity**. We meticulously oversee every stage of the process, from conceptualization to production, ensuring that each project meets the highest standards and delivers an exceptional experience for our clients. This end-to-end control over the process allows us to maintain a consistently high level of quality across all our projects.

One of the distinguishing features of Timeless is our dedicated and **Skilled Production Team**. Our team consists of craftsmen with diverse backgrounds and experiences, ranging from railroad, aviation, automotive, engineering, architecture, to design. This blend of expertise allows us to bring unique and innovative ideas to our projects.

Safety is another paramount concern for Timeless Travel Trailers. We prioritize compliance with current codes and industry standards to ensure that every vehicle we create is not only a masterpiece but also a safe mode of transportation. Whether we are building a new vehicle or restoring a vintage one, we take the necessary measures to ensure that the final product is reliable and keeps our clients on the road, rather than in a repair shop.

Capabilities

- Airstream's most experienced licensed up-fitter for more than 12 years
- Licensed Motor Vehicle Manufacturer
- Specializing in customization of new and vintage Airstream, West Craft and Spartan trailers, vintage trucks, Flxible buses and Mercedes Sprinter vans, motorhomes and other specialty motor vehicles.
- Leader in design, customization, production and fabrication of trailers and motorized vehicles including units utilized for recreation, experiential marketing, entertainment, mobile retail, food and beverage service and hospitality.

Project Process

Initial Meetings:

- Understand your project, scope, and needs.
- Provide a Rough Order of Magnitude (ROM) cost range.

Deposit and Design:

- Sign and fund the Design Agreement.
- Commence the design phase.
- Review the estimate and fund 50% of the project scope.

Production:

- Sign the Production Agreement.
- Start production.
- Provide progress reports and photos.

Finished Product:

- Conduct a final check of the vehicle.
- Make the final True-Up payment.
- Arrange transport and demonstrate vehicle operations.

Thank you for your consideration
